

Rule Up For Discussion

Proposed Amendment of

WAC 230-40-625

Closed circuit television system – Class F card rooms.

ITEM 10 (a) on the July 9, 2004, Commission Meeting Agenda.	Statutory Authority 9.46.070
Who proposed the rule change?	
Staff.	
Why is this rule change needed?	
<p>In 2002, digital surveillance was first introduced for use in card rooms. At that time, digital surveillance technology was fairly new and staff worked with the industry to construct rules for the new technology. After two years of working with, and becoming more familiar with, digital recording devices, several requirements in both WAC 230-40-625 and 230-40-825 need to be updated to match current practice. These changes are the same in both rules and follow:</p> <p>Subsection (3)(b)(ii): Continues to require the recording system to be locked.</p> <p>Subsection (3)(b)(iii): Allows for the use of motion activated recordings;</p> <p>Subsection (3)(b)(vi): Allows for different resolutions requirements for recording images and for playback of images.</p> <p>Subsection (3)(b)(viii): Housekeeping.</p> <p>Subsection (4): Multiplexing devices will no longer be allowed to record drop box movement.</p>	
Statements against the proposed rule change.	
None at this time.	
Which licensees will be directly impacted?	
Card rooms utilizing digital surveillance.	
What are the potential impacts to the agency?	
Minimal.	
Staff recommendation.	
Further discussion.	
Proposed effective date.	
January 1, 2005.	

Rule Up For Discussion

Proposed Amendment of

WAC 230-40-825

Closed circuit television system -- House-banking.

ITEM 10 (b) on the July 9, 2004, Commission Meeting Agenda.	Statutory Authority 9.46.070
Who proposed the rule change?	
Staff.	
Why is this rule change needed?	
<p>In 2002, digital surveillance was first introduced for use in card rooms.
